80/20 Innovation

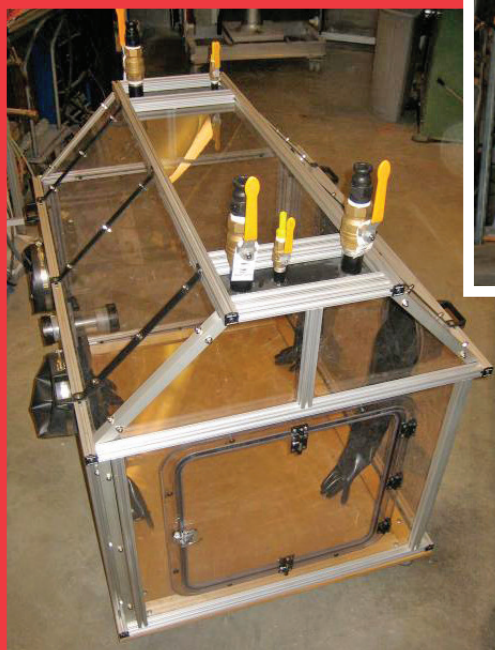

What can you build with 80/20?
Almost anything! Volume 7 of
Made with 80/20 Stuff!
showcases 40 innovative
applications sparking ideas
for your creative solutions!

Medical Solution

80/20 can meet the high standards of any field.

Easy to clean and long-lasting, T-slot profiles can serve as a dependable way to construct important devices.

Sealed Deal

Sealed off Enclosure

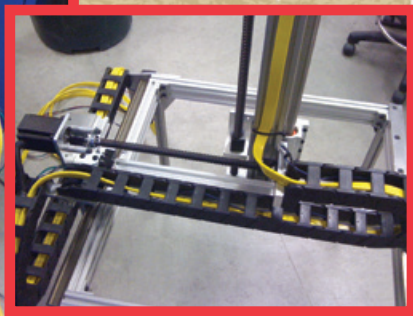

Store and handle dangerous chemicals or materials in a controlled environment.

Enclose complex components

Incorporate
automation
into an 80/20
application

SIMPLE

STURDY

STRONG

For hefty loads, heavy-duty profiles add extra strength.

Machine

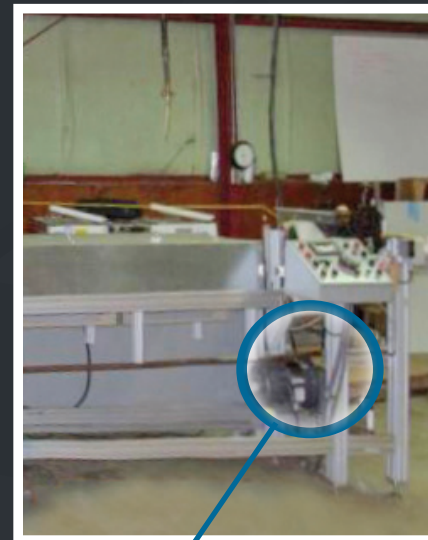

Get sturdy footing with various 80/20 leveling feet to choose from.

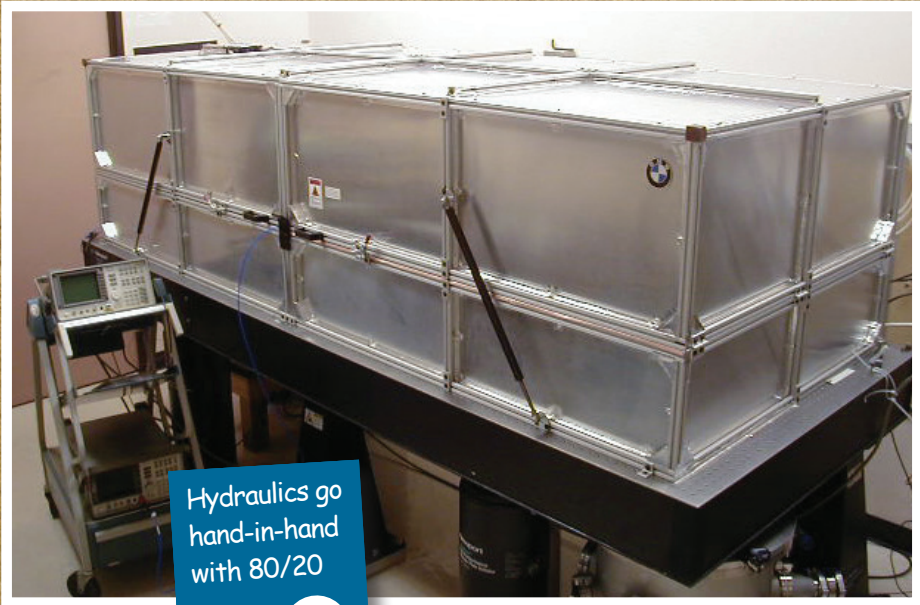

Prevent injury with caution yellow wire mesh guarding.

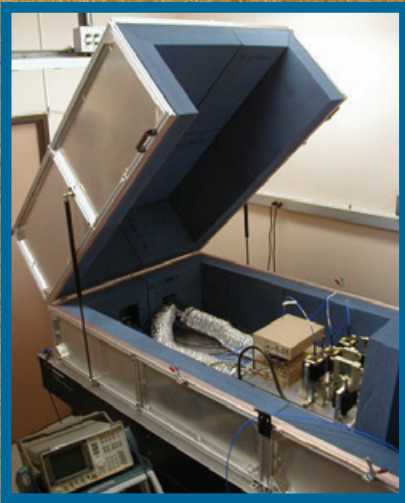

Framing

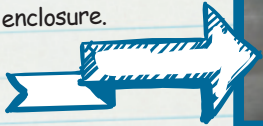

Secure components and wires to profiles for less clutter and more workspace.

Hydraulics go
hand-in-hand
with 80/20

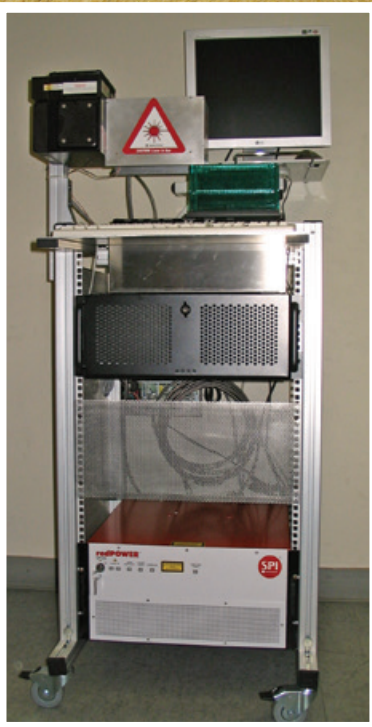

Cut down on sound
and vibration with
a secure 80/20
enclosure.

Go mobile
with your
workstation

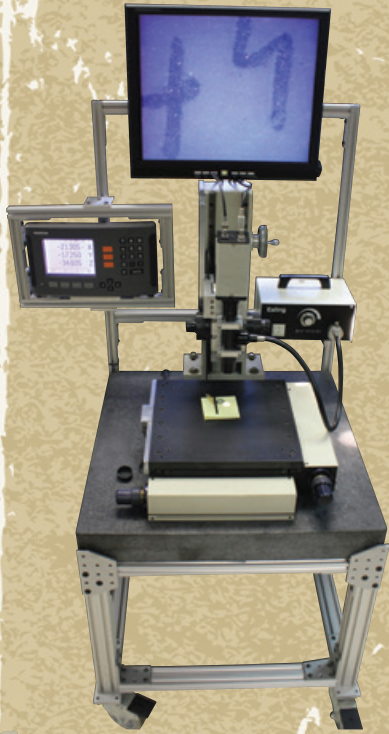

Pivot Assembly

Be able to reposition
for optimal viewing

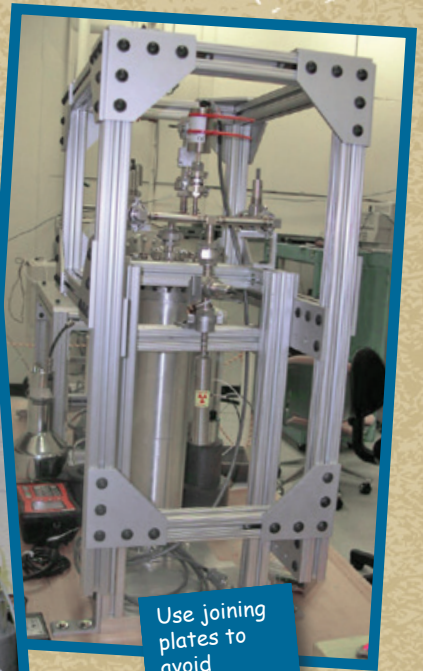

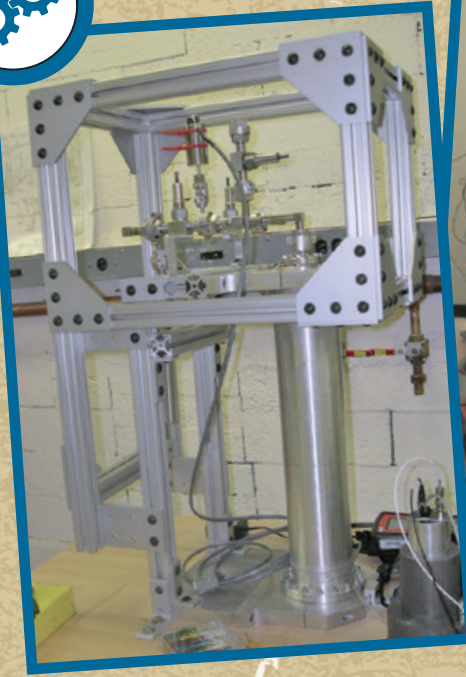

Something as simple as a
mobile arm can increase
productivity by moving
controls and monitors into
an ideal ergonomic position.

Value Add Frame Fabrication Services

With the help of 80/20's Value Add Frame Fabrication Services your project can be ready when it arrives at your door.

Use joining plates to avoid machining

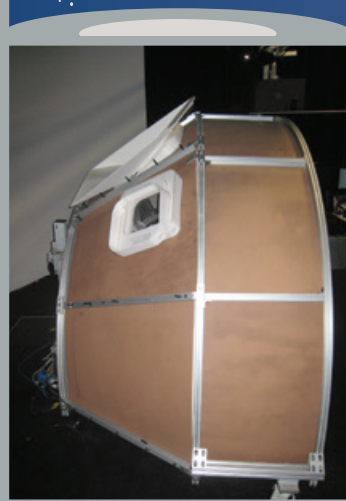

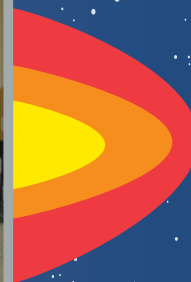

Made to handle
the toughest of
environments!

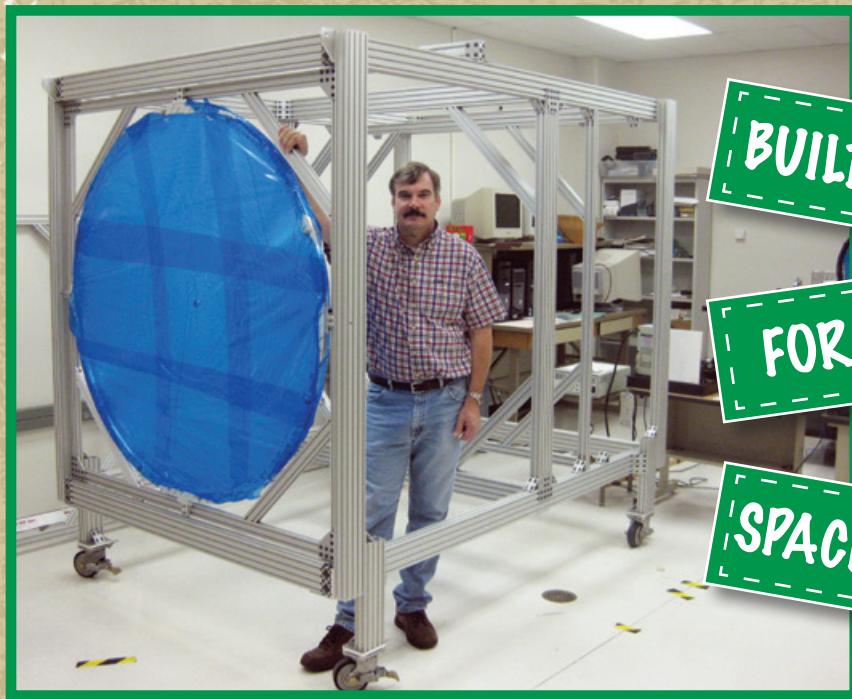

Take 80/20 anywhere!

OUT OF THIS WORLD
SOLUTIONS

BUILT

FOR

SPACE

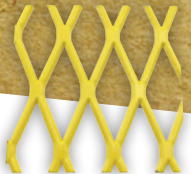

Transparent
panels go well
with displays

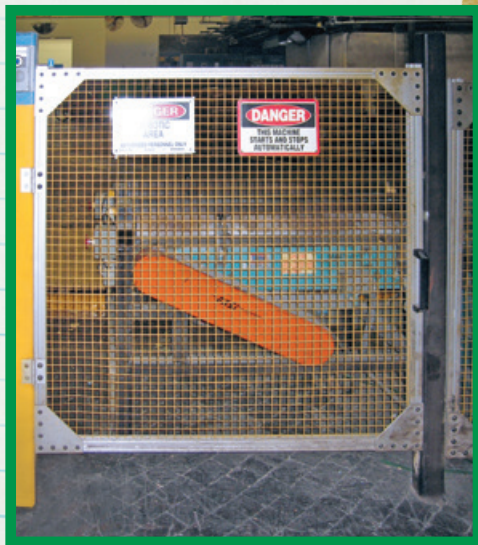

EXPANDED
METAL

WIRE
MESH

Don't be reactive with guarding.
Be preventative about the dangers
around you. Use guarding to keep
things from getting both in or out.

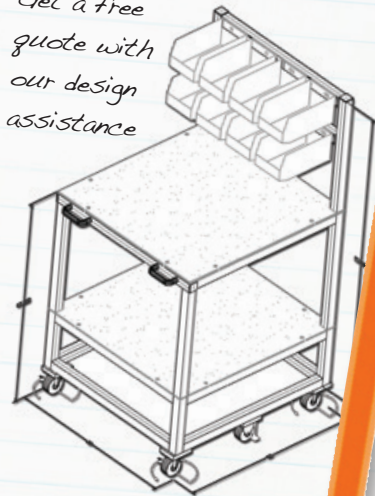

Close off
T-slot and
seal panels
for concealed
enclosures.
